

They were Young Lions

*They were young... life was so serious,
Trying times... no work, no pay!
Came a war...so fast and furious,
Life and breath...a death away.*

Chorus

*Fighting foe... for King and Country,
Victory!... In thanks we kneel!
But as with... a wounded body,
Wounded minds... must also heal.*

Chorus

*They came home... these "Lions Royal"
To their land... and families,
To true hearts... pledged to be loyal,
When they left... for overseas.*

Chorus

*When there're gone... what'll become of us,
Hanging on... to pride and grief,
Signing songs... how they defended us,
Each our God... and Maple Leaf.*

Chorus

*They were young lions... Oh! how they gave!
So young to lie in... a hero's grave.
You'll feel so tearful... when your heart sees,
The fields of Heroes... far overseas.*
